Recruiting
for a **Part-time**

Fisheries Technician
Marine Recreational Fisheries Statistics Survey (MRFSS)

Note: The purpose of this announcement is to generate a list of qualified applicants for our recreational fishery field sampler staff. New samplers are hired from this list as openings occur.

Job Title: Fisheries Technician

Rate of Pay: \$12.81-\$13.66 per hour starting^{1/} + Mileage (\$0.36/mile)

1/ Rate based on area of work.

Location: *Santa Barbara/Ventura, Los Angeles/Orange, and San Diego Counties*

Duration: Part-time, variable days a month in winter months, mostly weekends. Weekends, holidays and two or three flexible days per week in summer months. Work hours range from 2-10 hours per day depending on work and statistical schedule.

Duties: Conducts survey interviews of marine anglers at various locations, including ports, piers, jetties, banks and beaches. Identifies, weighs and measures all available fishes. Educates the public regarding fishing regulations and fish identification. Submits forms in a timely manner.

The position requires: working weekends, holidays, and irregular hours, in exposed outdoors locations; riding on partyboats out to sea, walking up and down boat ramps and jetties; extensive driving; and extensive contact with the public.

Qualifications: Skill in: identifying/keying marine fishes, collecting accurate data, neatly completing data forms, readily approaching strangers, and effectively communicating with anglers and others in the sport fish industry. Must have a valid CA driver's license and own vehicle for use in driving to sampling sites [Mileage will be reimbursed]. Experience in creel sampling and a college background in fisheries are desirable.

To apply: submit a completed PSMFC Employment Application (available at www.psmfc.org/personnel). Applications and questions should be directed to:
